

2010 Medicare Advantage, Cost, and Demonstration Plans

Data as of September 17, 2009. Includes all contracts/plans regardless of 2010 approval status. PACE, Special Needs Plans, Part B Only Plans, and Employer sponsored plans (800 series) are excluded. Plans under sanction are not shown. Notes: Data are subject to change as contracts are being finalized. Gap coverage descriptions for the 2010 benefit year are have been revised. The percentage of "Generic" products and the percentage of "Brand" products covered in the gap are each separately calculated and the following descriptions are added: "All": 100% of drugs are covered through the gap, "Many": ≥65% to <100% of drugs are covered through the gap, "Some": ≥10% to <65 % of drugs are covered through the gap, "Few": >0% to <10% of drugs are covered through the gap (and must also be >15 products covered through the gap), "No Gap Coverage": 0% of drugs are covered through the gap (or ≤15 products covered through the gap). A label of "All Formulary Drugs" is applied for plans that cover 100% of "Generic" and 100% of "Brand" products (either by covering all drug products in the gap or by having no initial coverage limit).
